

PASSION

Non-profit workers and volunteers share a passion for assisting those in need. Whether it's to help the homeless, poverty stricken or under employed, that passion drives each sacrifice given to help others.

At Charity Check our passion is to help you. By providing an affordable data management solution we allow you to spend more with your clients. We give you a user friendly system that lets you quickly enter assistance and retrieve the information you need.

HELPING YOU MANAGE YOUR OUTREACH PROGRAM

Charity Check's comprehensive modular system provides the perfect platform for your client management needs. Entering a client into the system is simple and fast. Adding a service is even quicker. Our multiple pre-built reports can display and print assistance data, family demographic information and much more with just a couple clicks of the mouse.

INNOVATIVE

Since 1997 Charity Check has been at the forefront of innovation when it comes to data management for non-profits. What began as a local solution has expanded to serve churches and agencies across the United States. We're constantly improving our offerings to provide you the best and most affordable solution possible,

Networking client data with other Charity Check users prevents duplication of services and allows you to maximize your resources.

MODULAR

By providing a modular system we can provide each agency with just what they need. Why pay for features you will never use? Our feature rich Base System meets the needs of most. However, if you have a special need simply add the module(s) that meet that need. Don't worry, you won't spend a lot, our Base System and modules are all priced affordably.

Data for board meetings, news releases, grant proposals or renewals are at your fingertips with over 30 pre-built reports. Data tables and an array of charts display the data you need.

EFFECTIVE

Most non-profits have to deal with rising requests and diminishing resources, Charity Check helps you to maximize the resources you have. By eliminating duplication of services and fraud you can reach more people and ensure those who really need the help are the ones receiving it.

Do you have a specific need? With our customizations services we can build a unique module that integrates with our existing system to make your idea a reality.
